Guiding Principle	Clearly Evident	Somewhat Evident	Not Evident	Comments
1. ALL students are part of ONE proactive educational system				
2. Scientific, Research-based instruction is used				
3. Instructionally relevant, valid, and reliable assessments serve different purposes				
4. Use a problem-solving method to make decisions based on a continuum of student needs.				
5. Data guide instructional decisions				
6. Staff receive professional development, follow-up modeling, and coaching to ensure effectiveness of fidelity at all levels of instruction.				
7. Leadership is vital.
